

NILFISK

Product Range

NILFISK

Commercial Dry Vacuum Cleaners

VP100

Ergonomic design for flawless and efficient cleaning

VP300 series

Reliable everyday vacuum cleaner – in an ergonomic and light-weight design

VP930 series

A famous and well-known workhorse – efficient and durable for large area cleaning

VP600 series

Efficient and environmentally friendly cleaning – with innovative and flexible features

VU500

Exceptional cleaning performance for medium and low cut piles

GU 700A

Heavy-duty upright vacuum cleaner for maximum productivity

GD 5 Back

User-friendly backpack vacuum cleaner

GD 5 Battery

Backpack vacuum that requires no electrical connections

Commercial Wet & Dry Vacuum Cleaners

VL100 series

Basic and simple wet & dry vacuum cleaner

VL500 series

The future of wet & dry pick-up for multi-applications

Light I-Vacs

AERO 21

Compact wet & dry vacuum cleaners with filter cleaning and simple features

AERO 26

Compact wet and dry vacuum cleaners with filter cleaning and ergonomic design

ATTIX 30

Silent and mobile wet & dry industrial vacuum cleaners with superior suction power

ATTIX 33

Superior and powerful dust extractor

ATTIX 50

Wet & dry vacuum cleaners with superior suction power for high-frequency cleaning

ATTIX 7

Very quiet, large capacity wet & dry vacuum cleaners

ATTIX 9

Twin-motor industrial wet & dry vacuum cleaners for the toughest applications

GM 80P

Rigid construction for small but powerful vacuum cleaning jobs

IVB 965 SD XC

For heavy-duty industrial cleaning and hazardous dust collection

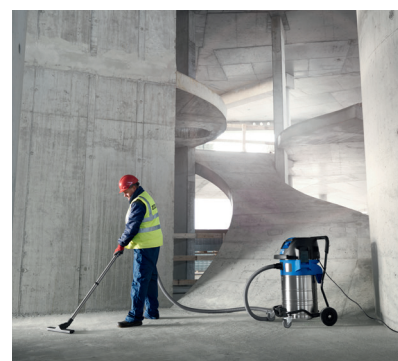

IVB7X

Approved for healthy and explosion proof cleaning

IVB 995

Powerful two-motor machine that is approved for zone 22

Industrial Vacuum Cleaners

VHB 436 Battery

Battery powered industrial vacuum. Fast charging lithium-ion battery

VHS120

Most compact and powerful single-phase wet & dry vacuum

S3

Single-phase wet & dry vacuum with 3 by-pass motors

VHS110 ATEX

Single-phase wet & dry ATEX certified vacuum

High Reach Kits

For all your high and out of reach cleaning needs
Telescopic range to 8.5m
Reach kits at 6m, 9m and 12m

CTS 40

Three-phase vacuum suitable for the recovery of dry materials

T75

Three-phase vacuum tailored for metal production

3707

Three-phase vacuum ideal for continuous and heavy-duty use

3997

Powerful three-phase vacuum to collect large quantities of heavy material

Combo series

The Combo series of industrial vacuums simplify the process of choosing the right combination for your application. We have a range of models within the series and associated segments. Consider and choose.

Models:

VHS120 CC GV
VHO200
S3B L100 CC GV
VHS110 Z22 EXA AU

T30S L100 CC
T40W L100 FM GV CC
CTS22 LC L100 ACD PBS

Applications:

Metal – Food & Beverage – Manufacturing
Building & Construction – Oil & Metal

ACD series

Atex industrial vacuum solution and safety systems are designed to manage explosive dusts in a non-classified ATEX zones.

Models:

CTS22 ACD – CTS40 ACD –
CTS22CB LC L100 ACD PBS
CTS22 ACD – CTS40 ACD –
CTS40 LC L100 ACD
VHS120 ACD – VHS120CB LC
ACD PBS

S3 ACD – SC L100 LC ACD
TW40PLUS L100 ACD
3907/18 LC ACD 5PP
3707/10 ACD

Walk-behind Scrubber Dryers

SC100

Upright scrubber dryer is the master of small space cleaning

SC250

Scrubbing, sweeping and drying in every corner

SC351

Allows both scrubbing and drying backwards and forwards

SC401

High and consistent cleaning performance for hours

SC430

Simple and user friendly walk-behind scrubber dryer

SC450

Simple, basic scrubber/dryer that makes cleaning an easy operation

SC500

Cost-effective, sustainable and easy to service

SC530

Simple, trustworthy and cost effective scrubber dryer

BA 551C/611

Silent, compact and easy to manoeuvre

BA 651/751

Simple, trustworthy and cost effective scrubber dryer

SC800

Robust and thorough cleaning, for all heavy-duty applications

Stand-on & Ride-on Scrubber Dryers

SC1500

Innovative stand-on scrubber dryer setting a new standard

SC2000

Micro ride-on scrubber dryer doubles cleaning output at price of walk-behind model

BR652/752

Super low noise level, ergonomic and a compact machine

SC3500

The mid-size solution for high productivity and efficiency

SC4000

Agile, flexible and easy to use with a compact design and capable of navigating narrow spaces.

SC5000

The agile answer for dynamic cleaning challenges

SC6000

Efficient large area cleaning

SC6500

High productivity in extreme cleaning environments

SC8000

Widest cylindrical scrub deck in its class

Walk-behind & Ride-on Sweepers

SW 200/250

Robust, manually operated sweeper

SW 750

Quiet and easy cleaning

SW 900

High cleaning performance and productivity

SR 1000S

Why walk - when you can have a compact ride-on sweeper

SR 1101

High cleaning performance and productivity

SW4000

One touch sweeping minimising your operational costs

SW5500

The real Industrial Hybrid powered sweeper in the industry

SR 1601

The most technically advanced sweeper in its category

SW8000

An industrial ride-on sweeper for large heavy-duty areas

Combination Machines

CS7010

First Hybrid and ePower driven combi machines

CR 1500

Heavy-duty industrial cleaning, this machine supplies the answer

HPW Cold Water

MC 2C

Ideal cold water cleaning for everyday tasks

MC 3C

Low running costs, great efficiency and easy handling

MC 4M

Compact, efficient, ergonomic, intuitive and user-friendly

MC 5M

Innovative and versatile mid range cold water high pressure washers

MC 6P

Premium performance, lifetime and ergonomics

MC 7P

Ultimate industrial quality

MC 8P

The ultimate in durability and robustness for tough applications requiring high water flow

MC 9P

High pressure washers for extreme cleaning, perfect for maneuvering in tight spaces and uneven surfaces. Features upgraded crane lift supports

MC 10P

Knock paint and rust off ships preparing surfaces for repair or blast through solid materials with the MC 10P – tackles heavyduty cleaning tasks with ease

HPW Hot Water

MH 3C

Compact and high performance

MH 3M

Optimal ergonomics and reliable cleaning

MH 4M

Performance, life-time and ergonomics

MH 5M

High cleaning performance and heating effect and robustness

MH 6P

Tough and efficient – for heavy duty applications

MH 7P

Heavy duty and efficient hot water cleaning for intense use

MH 8P

Tough and efficient for heavy duty applications requiring high water flow

Stationary Cold Water

SC UNO 4M

A portable and stationary mounted unit all in one

SC UNO 5M/6P/7P/8P

Stationary 1-pump high pressure washers for flexible cleaning

SC DUO 6P/7P/8P

Stationary 2-pump high pressure washers for heavy cleaning tasks

SC DELTA 6P/8P

Stationary high pressure washers for multiple users

Stationary Hot Water

SH TRUCK

Stationary hot water pressure washers for permanent outside placement

SH SOLAR D/E/G

Diesel powered stationary hot water pressure washers

SH AUTO 5M

Innovative technology for quicker payback time on self service washes

Steam Cleaners

SO4500

A compact, user-friendly steamer for light to medium use. Suitable for all industries.

SV8000

Ideal for chemical-free cleaning providing optimal hygiene, quick and easy to use.

SDV

The ultimate steam cleaner. Chemical ready and vacuum equipped, the lab certified SDV models are built for heavy-duty cleaning and disinfection routines.

Nilfisk Service

Service & Maintenance Agreements for all fleet sizes, all brands of cleaning solutions and offering local, regional and national coverage. Speak to our service experts for more details.

At Nilfisk, we are proud to be one of the world's leading manufacturers of professional cleaning equipment with a heritage of over 110 years in the industry. With global company headquarters in Denmark, our products are produced in Europe, the Americas and China, and used worldwide. Nilfisk has an extensive network of sales entities across 45 countries and is represented in more than 100 countries around the world.

Our products cover the broad range of needs of the professional cleaning customer. Our main product lines are floor care equipment – such as professional scrubber dryers and sweepers, vacuum cleaners and high-pressure

washers. Our products are recognised for their high quality and reliability. We see sustainability as an integral part of sound business practice. We develop cleaning solutions that provide you with cleaning efficiency while using less energy, less water and less detergent. When we reduce consumption of resources, it benefits both you and the environment. As your professional business partner, we must constantly innovate our business in order to strengthen yours. This is the promise Nilfisk makes to you as your trusted partner.
